Dedication

MRS. PEARL POWELL SMITH

We, the Senior and Junior Classes of 1958, dedicate the XXI Volume of "THE ARROW" to you, Mrs. Smith, for your interest, willing guidance, and untiring efforts throughout our school years.

Believe That You Can

Believe that you can and you will not fail,
Though mighty the task begun!
Believe that you can though hard the trail,
And rugged the road you run!

Have faith in yourself! Just know you can
And you're simply bound to do;
And never a barrier, bar, or ban- - -
Can keep you from carrying through!

Believe that you can and then go in
And do with your heart and your soul!
Believe that you can and you'll surely win;
No matter how far the goal!

There's a marvelous force in the faith that springs
From this great and noble thought!
By the magic spell of the strength it brings- - -
The mightiest deeds are wrought!

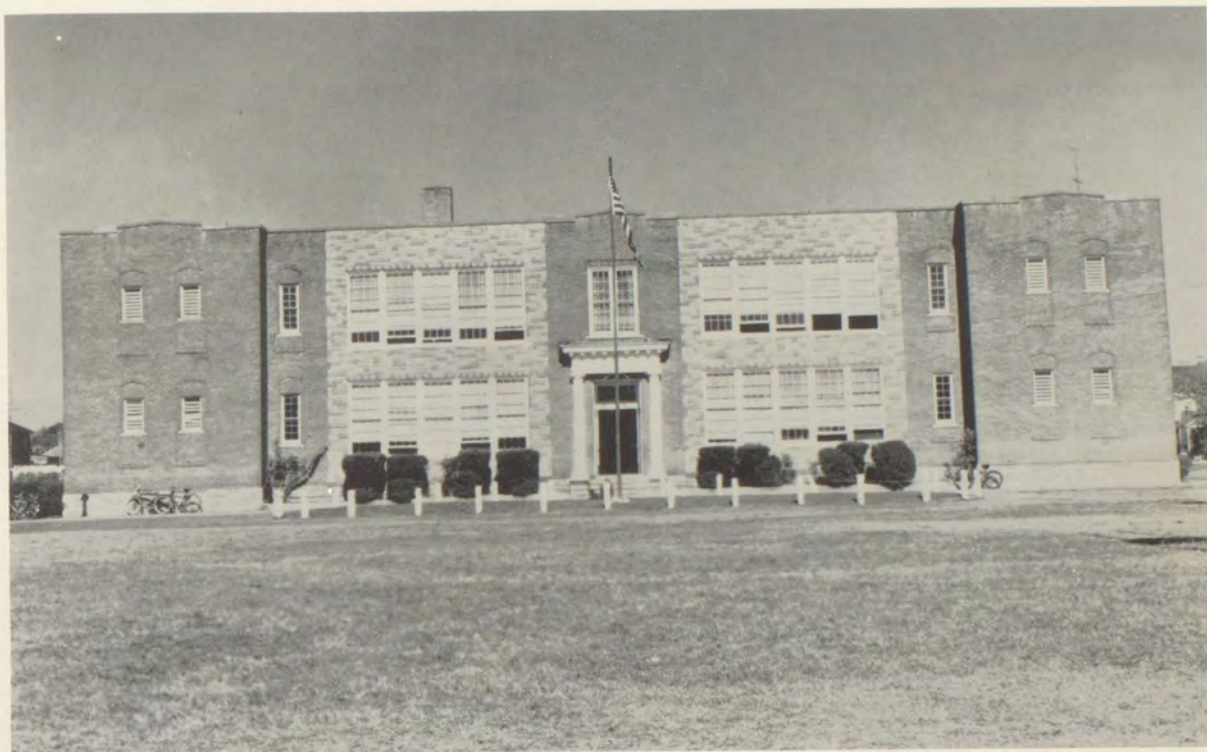

Believe that you can and you will succeed!
For as sure as you hold this thought,
You will back your faith with the power of deed;
Till the last hard fight is fought!

Aye, hold to the thought and you'll do your part
In the way that it should be done!
Just start with a winner's face and heart
And your battle is really won!

Our School

We leave you, School, with mixed emotions.

Some of us go, never to return;

Many will be back for other years.

Some look forward to their proud day of departure;

Others look back on happy memories sprinkled with the salt of experience.

As all our problems pass by us, as soldiers in review,

We see how small they were in comparison to the battle of life that grows so close.

But always we shall remember you, be thankful to you, love you

And carry you ever with us in our hearts.

We bid you farewell.

Our Principal's Message

Dear Student Body:

I am glad to have the opportunity of addressing a message to you at the end of our school year.

First, I would say a word of congratulations to the annual staff and Mrs. Ames for capturing for us this book of memories. We all know what a mammoth undertaking it is, added to the regular routine of a school day. Then I would say a word to the Seniors:

Would you recall the words I asked you to write at the top of your clean slates one hot day last September. They went like this:

"It is better to know where you are going than to get there fast."

Those words are worth remembering each time one starts a clean slate. I will have a chance to look with pride at your now new and shining ones. It is with pleasure that I extend sincere congratulations to each of you. I hope that your chosen careers will hold satisfaction and fulfillment.

To the rest of the student body let me say that I have enjoyed working with you, and I hope you have a happy vacation time. May you return in the fall with renewed determination to raise your school and yourselves to higher standards of ethic, scholarship and citizenship.

My best wishes,

Irene K. Collins

Our Teachers

By R. B. MacDonald

Each teacher has the honor,
On a crisp September day
To open wide the portals
On a new fall school array.

To turn the light of learning
In such a friendly way
That every child reflects it
In their work or in their play.

Youth climbs the hill of knowledge
With a purpose every step
And it is a teacher's duty
To see they don't regret.

To keep Old Glory flying
With honor in the sky
Each teacher imparts knowledge
To every girl and boy.

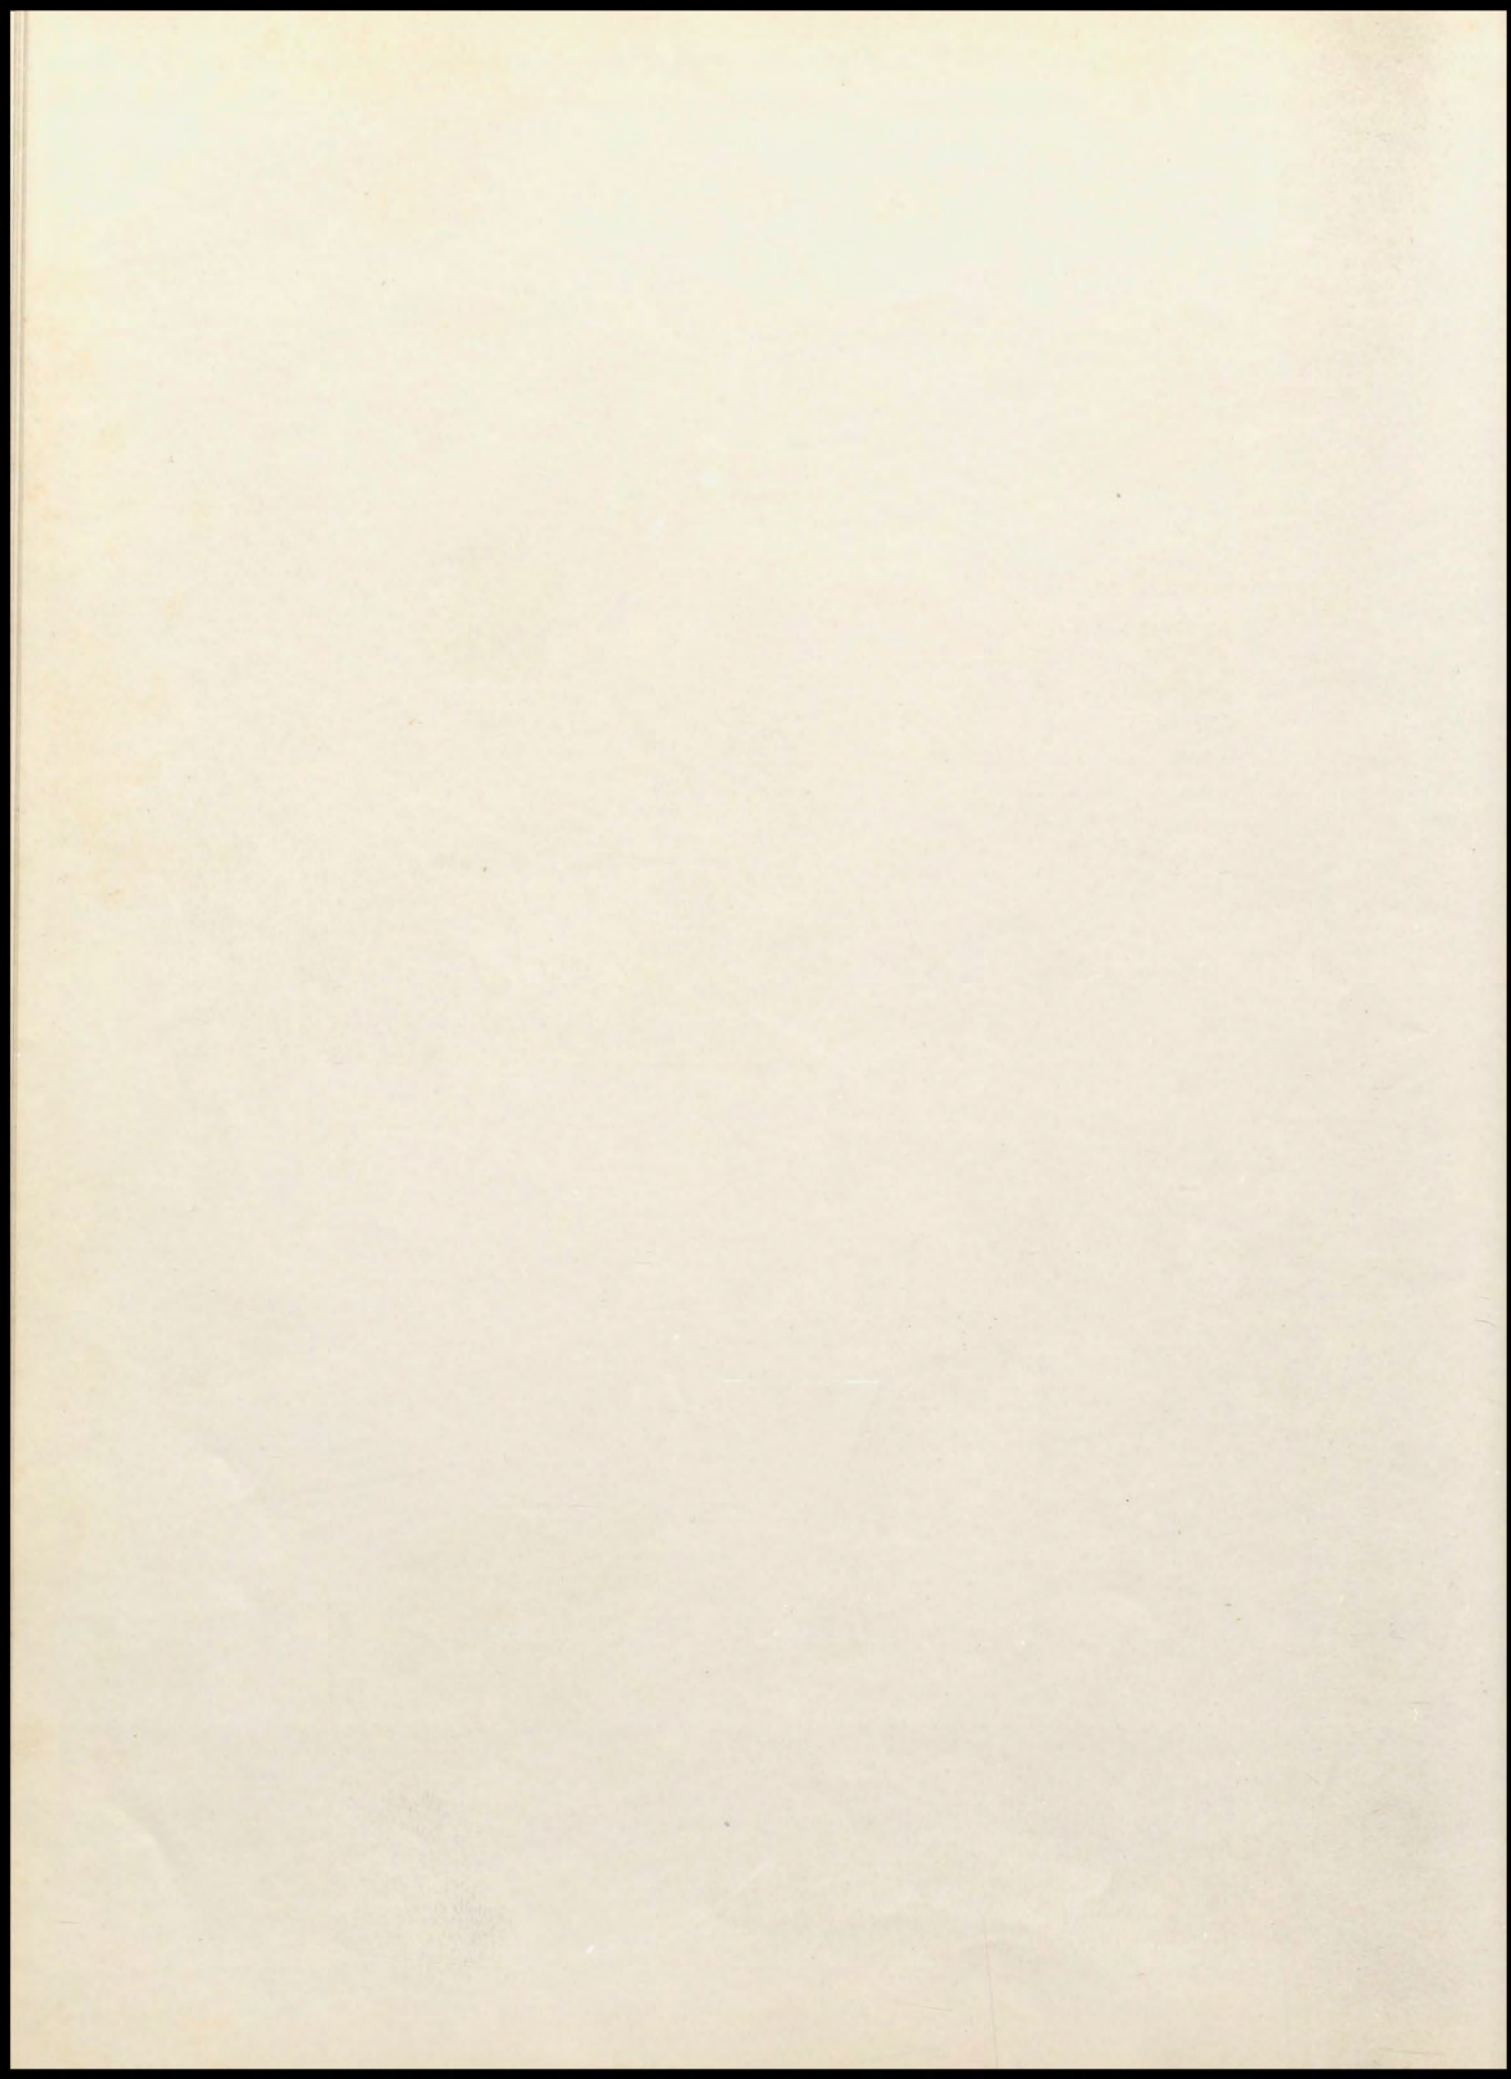

Teaching is an honor
For it could well be said
They mould our nation's future
Putting knowledge in youth's head.

So we say to teachers
Wherever they may be
Knowledge is our Master
And our future up to thee.

Bits of News From Tomorrow

When? 1978

Where? Here, There, and Everywhere!

Why? Finding their place in the wilderness of the world.

Who? Seniors of '58

Arnold Wade Hudgins - Teaching English - Yes, Mrs. Vick retired!

Anna Faye Navarro - promoted from chief chou mein' maker of the Waldorf Astoria kitchen to The Supreme Spaghetti Saucer.

Wanted: A baby sitter for the thirteen Foxhall brats!

The all-time, all-time great! Thomas Borum - Basketball player.

"Come one! Come all! See the beautiful dancing girls!" Shouts Jack Hickman from his side show at the carnival.

FLASH!!! "Dr Carol Drennen returned Monday from the moon, beating all space travel records in the fastest supersonic jet ever built!"

Anna May Thornes - Secretary for the Coast Guard, and wife of a Fleet Admiral.

Problems? Any kind, size, or description. Write to "Aunt Jane" (Jane Joyce to us!) and let her solve your problems.

Tune in your T. V. set any night - hear and see Miss America (Betty Lou Marshall to us!) sing "Winston tastes good, like a cigarette should!"

Jack Wilson - Has made quite a name for himself. He owns a beauty salon and is the best cosmetologist in the country.

Results? A very, very successful class!!!

Last Will and Testament

We, the Senior Class of Cape Charles High School of Cape Charles, Virginia, being as weak in mind and body as usual, and being endowed with exceptionally rich gifts and talents which we believe should be handed on for the benefit of posterity, do hereby make this our last will and testament to be executed in the following order:

ARTICLE I

To The School

To our Alma Mater we leave all of our broken-down equipment and many of our good friends.

ARTICLE II

To The Faculty

To the faculty we leave many grey hairs and the hope for classes that are more industrious and attentive in the future.

ARTICLE III

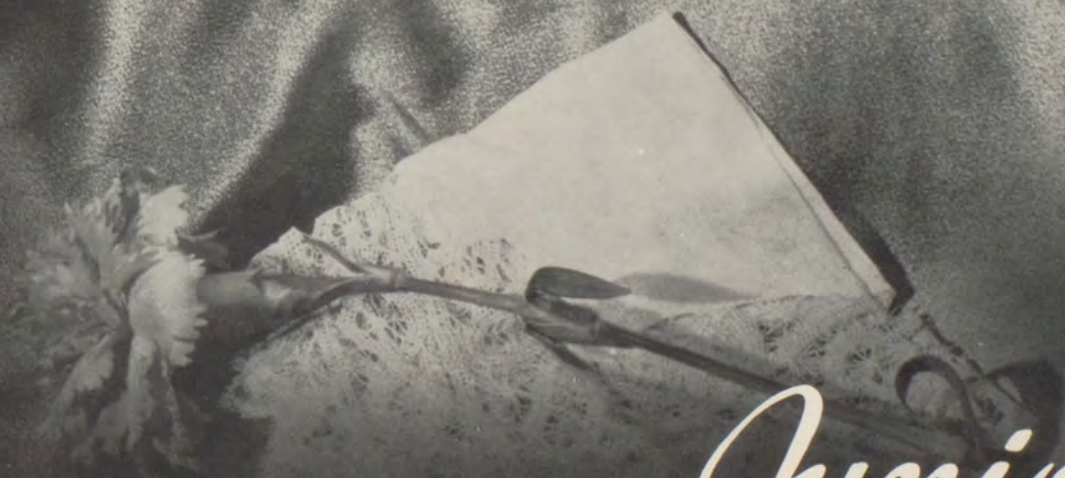

To The Classes

- SECTION 1 - To the Juniors we leave our caps and gowns and the anticipation of graduation.
- SECTION 2 - To the Sophomores we leave the unused portions of our intellect in hopes that they make better use of it than we did.
- SECTION 3 - To the Freshmen we leave our old comic books and half-eaten candy bars for support in the next three years.

ARTICLE IV

To The Individuals

- SECTION 1 - Thomas Borum leaves his ability to attract NHS girls to L. T. Bradford.
- SECTION 2 - Jack Hickman leaves his ability to get old cars in working order to Bill and Jan Neville.
- SECTION 3 - Arnold Hudgins leaves his Elvis Presley handbook on "How to Do What You Did When You Did What You Done Last Night" to Reggie Dyckman.
- SECTION 4 - Jack Wilson leaves his office of president of the Royal Order of the Bell Ringers to anyone who'll have it.
- SECTION 5 - Jane Joyce leaves all her boy-friends to Bonnie Colona.
- SECTION 6 - Betty Lou Marshall leaves her ability to sleep through English class to Preston Bell.
- SECTION 7 - Anna May Thornes leaves her favorite parking spot to Bobby Lambertson.
- SECTION 8 - Carole Drennen leaves her argyle knee-socks to Lindsay Ltringfellow.
- SECTION 9 - Mary Jane Foxhall leaves all her troubles far behind her.
- SECTION 10 - Anna Faye Navarro leaves her "promptness" to Jimmy Rayne.

Juniors

Junior Class Prophecy

Every year hundreds of historical events are added to our history books. Washington, Franklin, and Lincoln are all well-known figures of American history as every student well knows. But have you ever thought what figures of history your ancestors a hundred years from now will be studying in their history courses? We of the junior class have our own ideas about these characters. The following is our version of America's future history makers:

We visualize Norma Spencer as the first feminine Coast Guard Commander in charge of recruiting. It is assumed that all recruits with the name, Stanley, will have an easy time of it.

We predict that Carolyn Crank will become the first woman horse racer to win the Kentucky Derby. It is speculated that her horse will be named "Jack."

Jimmy Pruitt will become the highest paid baseball player when he receives a cool million to sign up for the St. Louis Cardinals.

Preston Bell will become the world's most noted explorer when he canoes to the head of the Amazon River following the migratory habits of the wild South American Dodo Bird.

Billy McAllen will follow Preston up the Amazon on foot and become a world hero when he saves Preston from a tribe of head hunters.

Bonnie Colona will become the first woman president. This will cause the ultimate downfall of the United States.

Harry Hart promises faithfully he will do something spectacular.

Norman Shrieves will revolutionize the automotive industry by inventing a nuclear car which can out race, out fly, or out swim any previous car, plane, or boat.

Betty Rose Ewell will follow in Schubert's footsteps by finishing his "Unfinished Symphony."

Jimmy Rayne will introduce a new style to replace Rock and Roll by making Hi-Fi recordings of audience reactions to Elvis Presley.

Rodney Shrives will crash into New York society circles by marrying Marilyn Rockefeller and by some shrewd dealing will wind up with the whole Rockefeller estate.

Bobby Lambertson, while experimenting with atomic energy in his laboratory, will blow himself to the moon and become the first man to have done so.

Emma Jean Corbin will become a famous writer by composing her life story in poetry form, "I."

Reggie Dyckman says he will invent a new element and name it femaillillium in honor of his favorite pastime, courting pretty girls.

Billy Ryan will make his fame by jumping off the flag pole on the Empire State Building and although he may not live to tell about it, he will become the first to have tried it.

Billy Vick will establish the first permanent American Colony on the moon and also will found the first outer space college for space cadets.

The foregoing remarks were written by Chief Rock & Roll so that you have ample warning to prepare for America's fate.

We Grow

The philosophy of the faculty of Cape Charles High School is based upon the idea that the teacher will help the pupil to discover and develop his interests, attitudes, and abilities (mental, social, physical, and spiritual). After the student discovers his interests and abilities, he is encouraged to set his own goals. From this encouragement he will develop self-discipline and will be able to take his place in school and in a democratic society.

In this age of Sputniks, jet propulsion, and hydrogen bombs, young people realize the importance of a good education. Without it, one is lost. Since C. C. H. S. is a small school, the students have the advantage of being able to work closely with the faculty and get more individual instruction. The majority are interested in gaining all of the knowledge within their abilities, and they strive to do their best.

There is much truth in the old adage, "All work and no play makes Jack a dull boy." Included in the curriculum of the school are activities to promote social growth through supervised recreation. The fine dances held in the gym, and the activities of the worthwhile clubs are examples. These aid in making the student a well-rounded individual.

Physical development is another important aspect in the life of the student. The athletic teams and physical education classes help the boy and girl to understand the value of working as a team, and have consideration for the "other fellow" while they are growing more alert physically.

Growing spiritually is important to every person. This is not forgotten at C. C. H. S. The main objective of the Tri-Hi-Y and the Hi-Y is to make better Christians of the students. The scripture reading and prayer in the morning starts the day off right for everyone.

With a program devoted to the total needs of the students of C. C. H. S., it is no wonder that the graduates of each year turn out to be the worthwhile citizens of tomorrow.

Down With Exams!

As the last deadline of the ARROW is frantically trying to be met, the staff members are just recuperating from the mid-term exams; so, fellow students, if this annual has any defects, do please try to understand. Such exams would wear down the best. For instance, questions such as:

ENGLISH

1. Did you enjoy "Macbeth?" If not, to what defect in your character do you attribute this poor taste?
2. William Shakespeare was born in April, 1564, and died in April, 1616. Name the pall bearers at his funeral and give the name of the casket manufacturer of his casket.

HISTORY

1. List the effects of the discovery of America on the citizens of lower Sloblovia.
2. The United States has had 33 presidents. George Washington was the first, and Dwight Eisenhower is the present one. Based on this, how many corners are there in the White House?

MATH

1. Mary is 24 years old. Mary is twice as old as Ann was when Mary was as old as Ann is now. When is her birthday?
2. If a rabbit eats four heads of lettuce in three days, and his wife eats three carrots in two days, what was the price of rabbit stew when Charles I was beheaded?

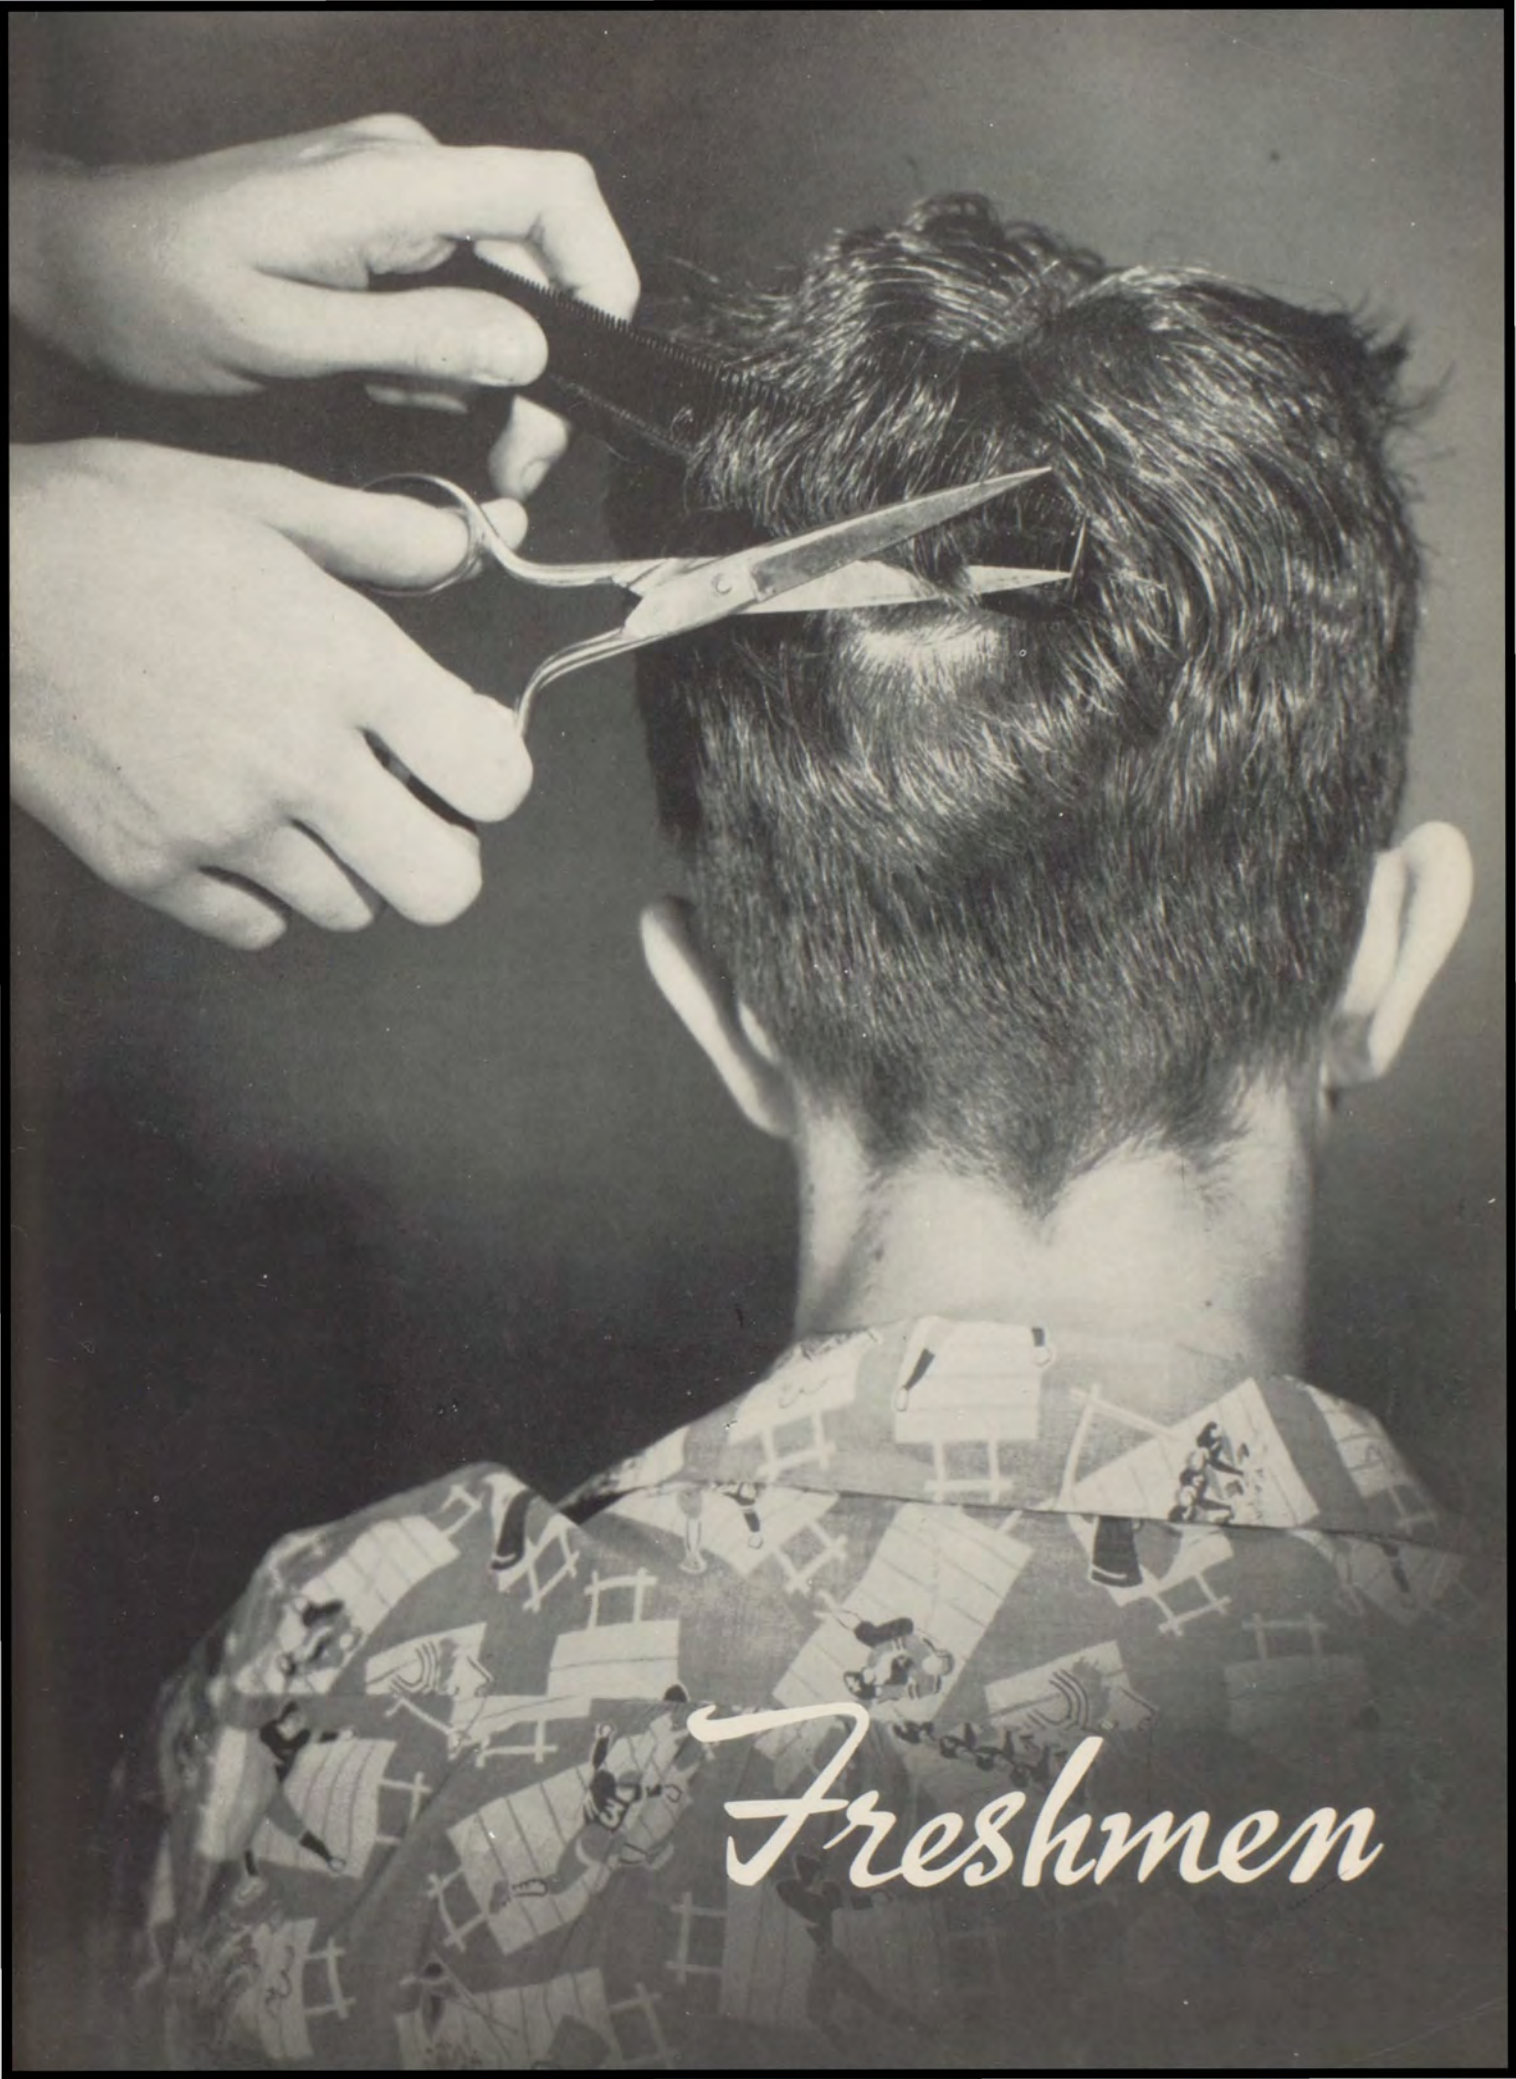

CHEMISTRY

1. Raise one ounce of nitroglycerine to 600°. Observe through microscope any chemical changes or reactions.

The only bad part about exams is the fact that we have them. So, our conclusion is:

The more we study,
The more we know.
The more we know,
The more we forget.
The more we forget,
The less we know.
The less we know,
The less we forget.
The less we forget,
The more we know.
So, why study?

RC makes you feel like NEW!

There's a mighty important reason why so many folks go for Royal Crown Cola: They've tried and compared Royal Crown Cola with other leading colas—and by comparison they've found that RC suits their taste best. Yes, RC is best by taste-test—and you get 2 full glasses in the king-size bottle. So, enjoy an RC . . . feel like new. Remember: RC is low in calories!

"I found some items that were deductible that I had completely forgotten about. Cancelled checks are good evidence, too, and I know Uncle Sam is kind of particular about that."
